EXPERIENCE

FREELANCING

May 2024 – Present

- Working as a freelance developer in web development, delivering tailored solutions to clients.
- Designed and implemented database-driven projects, ensuring efficient data handling and storage.
- Developed full-stack websites.

DEPARTMENT OF COMPUTER SCIENCE, UET LAHORE

TEACHING ASSISTANT

Sep 2024 – May 2025

- Served as Teaching Assistant for the Programming Fundamentals (PF) course (Sep – Dec 2024), Object Oriented Programming (OOP) course (Jan - May 2025) and Database Systems (DB-1) course (Jan - May 2025).
- Assisted students in debugging, logic building, and programming skill development.

PROJECTS

SAIH-AL-DUBA React + Tailwind | E-Commerce

- A company portfolio website developed in React.js for a client based in Oman, featuring a clean and responsive design. The site showcases company services, projects, and contact information, with smooth navigation and user-friendly UI. [Link](#)

INDIAN RUMMY Python | Game

- Indian Rummy is a strategic multiplayer card game that involves each player being dealt 13 cards. The objective of the game is to form valid sequences and sets to win. This project implements a custom version of the game using various data structures and algorithms, such as Doubly Linked Lists, Queues, Stacks, Hashmaps, and Graph. [Link](#)

KRONOS DB Rust | NoSQL Data Base

- Developed a Rust-based NoSQL database featuring document storage, B-tree and hash indexing, and write-ahead logging for crash recovery. Created a CLI for efficient query execution with complex filtering. Implemented transaction management, deadlock detection, and LRU caching to ensure concurrency and high performance. [Link](#)

DAIRY DELIGHTS C# (.NET, WinForms, Console), SQL

- A POS system developed for a Dairy Farm using WinForms and console interfaces, featuring role-based access for Admins, Employees, and Customers. The system includes modules for managing products and users, with SQL integration for reliable and efficient data handling. [Link](#)

KLONDIKE SOLITAIRE Python | Console Game

- A console based Klondike Solitaire game built in python for console uses custom-built data structures for efficient game logic and card movements. [Link](#)

PORTFOLIO HTML CSS JS | WebSite

- A responsive and animated personal website built with HTML, CSS, and JavaScript to showcase my projects and skills professionally. [Link](#)

EDUCATION

PUNJAB COLLEGE, MUSLIM TOWN, LAHORE

ICS - PHYSICS

2021 - 2023

UET, LAHORE

BS. COMPUTER SCIENCE

Sep 2023 - May 2027

SKILLS

PROGRAMMING

• JavaScript • TypeScript • Python • Rust • C • C++ • C# (WinForms, .NET Framework) • HTML5 • CSS (Bootstrap, Tailwind) • React.js • Django

TECHNOLOGIES

Database Management (SQL, MongoDB)
Full-Stack Web Development
Python GUI Development (PyQt)
C# Libraries Development
Deployment & Domain Setup

TOOLS

Git/GitHub • GitLab • Figma • Draw.io

CORE SKILLS

Problem-Solving • Debugging • Object-Oriented Programming (OOP) • Data Structures & Algorithms (DSA) • Team Management • Handling client Project Coordination • Communication • Collaboration
Frontend Design • Full-Stack Development
